

Parenting Sign On Accounts for PowerSchool

Parents can create an account for the Parent Portal and link it to their child's account under one sign on account they just go to their child's school and request EB D and Password letter for Parents. Parents can also download from the App store the Parent Portal app to use on their mobile devices. The Parent Portal login screen now includes the login page. First step is for parents to create an account for the services. Click on Create Account button to create account. Once they have created their account they then log in using the Parent Sign in information.

When creating an account this screen appears the parent needs to have the parent portal login information for each of their children.
