

Commencement Protocol

Commencement exercises serve to celebrate the achievements and efforts of our students and the team of family members, school faculty, and administration who helped them earn their high school diploma.

Graduating from high school is a memorable and distinguished occasion for each student and those celebrating with them. The dignity of the occasion suggests a formal and dignified air; we appreciate your cooperation in this regard.

South Aiken Administration and the Aiken County Public School District ask that you kindly do the following:

- follow directions from ushers
- refrain from walking around or leaving the arena after the program begins as you will not be able to re-enter
- silence all cellular phones and electronic devices

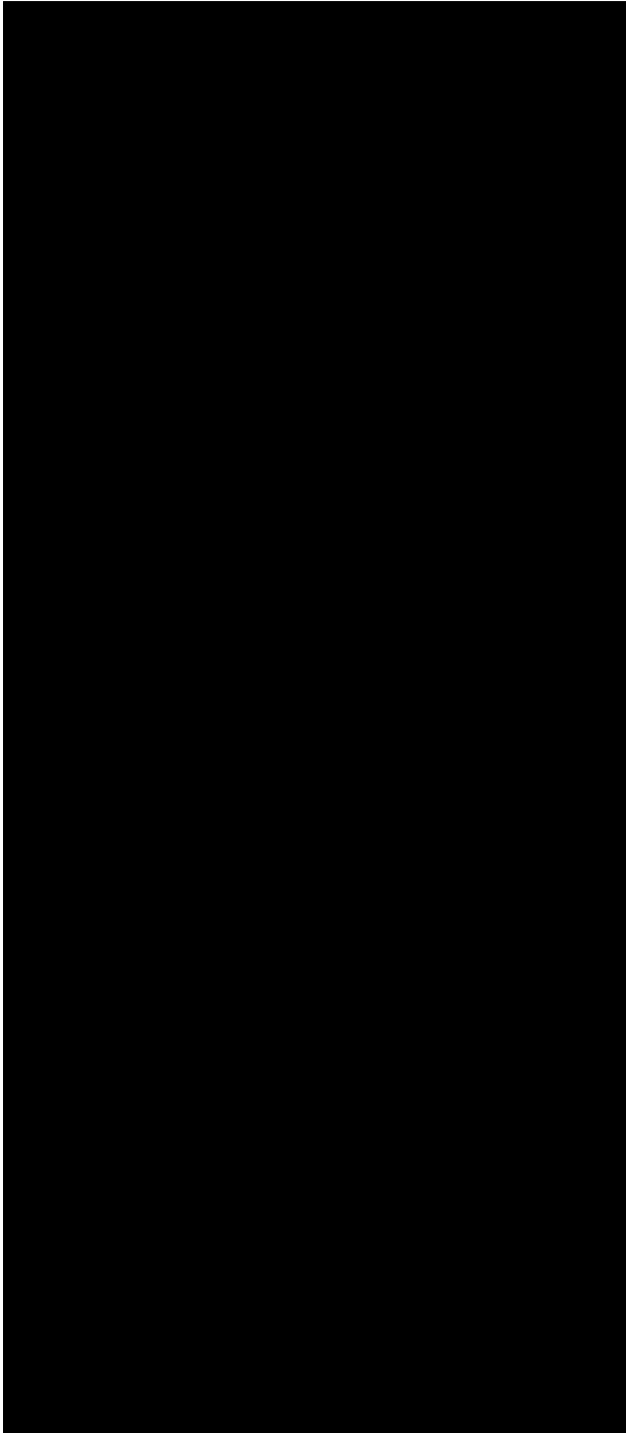

Additionally, please do not yell or clap for individual graduates as this greatly disrupts the program and detracts from the next graduate on stage. Your congratulations can best be shown by applauding for the entire class after the last graduate has been awarded his or her diploma.

In taking pictures, please do so from where you are seated. We also ask that you refrain from standing, as this may block the view of others in the audience.

Senior Scholars

Aiken County recognizes students as Senior Scholars for maintaining academic excellence throughout their high school career. Senior Scholars must have a minimum cumulative GPA of 3.75, rank in the top 10% of the class, and have earned a minimum of a “B” in every class during each quarter of high school.
