

# Benefits of STEM Premier

Students and parents can be messaged directly by colleges, companies and organizations within STEM Premier.

We offer recommendations and resources to foster career growth and help the student optimize their individualized profile.

STEM Premier® evaluates individual achievements and shares comparison data on state and national levels.

Students can be rated & ranked\*\*, display earned badges & accomplishments and add courses completed.

Students build virtual portfolios which grow and strengthen as they progress through their academic careers towards next steps.

Students will have access to an ever-growing collection of scholarships within the STEM Premier database.
