The upload interaction requires students to upload a file (image, audio, video, etc.) containing a piece of work to be scored. Upload interactions can be used only with OLA tests. This is a human-scored interaction; to support scoring of answers, you will need to add an instructions block containing a rubric to the item.

1. Select _____ from the main navigation menu.
2. Select Upload. The interaction block will be added to the editing pane.
3. Enter the interaction prompt or stem in the text box provided.

⚠️　　　Answers uploaded by students are limited to a maximum file size of 15 MB and must be one of the following file types: bmp, doc, docx, gif, htm, html, pdf, jpeg, jpg, mov, mp3, mp4, png, pdf, ppt, pptx, svg, txt, uri, xls, zip.
