SRNS Donates \$50,000 for Within Reach Scholarships

Donation to provide scholarships for 50 Aiken County graduates

(November 16, 2015, Aiken, SC) Savannah River Nuclear Solutions (SRNS) announced a \$50,000 donation today to the Aiken Technical College (ATC) Foundation for its Within Reach scholarship, an effort to help ease the financial burden of higher education for Aiken County families.

"Savannah River Nuclear Solutions is pleased to support this important program. These scholarships will directly impact the lives and future careers of high school students who are uncertain about pursuing higher education", said Carol Johnson, SRNS President and CEO.

The scholarship is awarded to recent graduates of the Aiken County Public School District (ACPSD) who are attending ATC. Each recipient is awarded \$1,000. For the 2015-16 year, the ATC Foundation designated \$25,000 for Within Reach scholarships.

Thanks to the generosity of SRNS, the Foundation will be able to increase the number of awards for the 2016-17 year to 50 \$1,000 scholarships.

"Savannah River Nuclear Solutions' lead gift set the stage for the Foundation to raise

Through the partnership, high school students who do not have a plan beyond high school are being connected with a higher education pathway before they graduate. ATC
