

Students have the opportunity to download and installed any of the Autodesk software we use in class.

To gain access to the Autodesk software you must join the Autodesk Education Community.

Please copy the URL below into your web browser (internet explorer, Mozilla Fire Fox, etc.). You may also click on this link as well.

For Inventor:

<https://www.autodesk.com/education/free-software/inventor-professional>

For Revit:

<https://www.autodesk.com/education/free-software/revit>

If you have any problem, please email me with the problem. Please keep track of your username and password that you create.

Thanks,

Jason D. Redd
